**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
OF
BEL FUSE INC.**

NOTICE IS HEREBY GIVEN that the Annual Meeting of Shareholders of Bel Fuse Inc. will be held at the Courtyard by Marriott, 540 Washington Boulevard, Jersey City, New Jersey 07310, on Friday, May 11, 2007 at 2:00 p.m. for the following purposes:

1. To elect three directors for three-year terms.
2. To ratify the designation of Deloitte & Touche LLP to audit Bel's books and accounts for 2007.
3. To consider and act upon other matters which may properly come before the meeting or any adjournment thereof.

The Board of Directors has fixed the close of business on April 9, 2007 as the date for determining the shareholders of record entitled to receive notice of, and to vote at, the Annual Meeting.

By Order of the Board of Directors

COLIN DUNN, Secretary

Jersey City, New Jersey
April 23, 2007

WE URGE YOU TO SIGN AND RETURN THE ENCLOSED PROXY AS PROMPTLY AS POSSIBLE, WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING IN PERSON. IF YOU DO ATTEND THE MEETING, YOU MAY REVOKE YOUR PROXY AND VOTE IN PERSON.

THIS NOTICE AND THE ACCOMPANYING PROXY STATEMENT ARE FURNISHED TO THE HOLDERS OF THE COMPANY'S CLASS B COMMON STOCK, PAR VALUE \$0.10 PER SHARE, FOR INFORMATIONAL PURPOSES. HOLDERS OF CLASS B COMMON STOCK ARE NOT ENTITLED TO VOTE AT THE ANNUAL MEETING IN ACCORDANCE WITH THE COMPANY'S CERTIFICATE OF INCORPORATION, AS AMENDED.

PROXY STATEMENT

The following statement is furnished to the holders of the Class A Common Stock, par value \$0.10 per share (the “Class A Common Stock”), of Bel Fuse Inc. (“Bel” or the “Company”), a New Jersey corporation with its principal executive offices at 206 Van Vorst Street, Jersey City, New Jersey 07302, in connection with the solicitation by the Board of Directors of Bel of proxies to be used at Bel’s Annual Meeting of Shareholders. The Annual Meeting will be held at the Courtyard by Marriott, 540 Washington Boulevard, Jersey City, New Jersey 07310, on Friday, May 11, 2007 at 2:00 p.m. This Proxy Statement is also furnished to the holders of Bel’s Class B Common Stock, par value \$0.10 per share (the “Class B Common Stock”), for informational purposes. Holders of Class B Common Stock are not entitled to vote at the Annual Meeting in accordance with Bel’s Certificate of Incorporation, as amended. This Proxy Statement and, as to holders of the Class A Common Stock, the enclosed form of proxy are first being sent to shareholders on or about April 23, 2007. As used in the remainder of this Proxy Statement, the term “shareholders” shall refer to the holders of Bel’s Class A Common Stock.

Voting; Revocation Of Proxies

A form of proxy is enclosed for use at the Annual Meeting if a shareholder is unable to attend in person. Each proxy may be revoked at any time before it is exercised by giving written notice to the secretary of the meeting. A subsequently dated proxy will, if properly presented, revoke a prior proxy. Any shareholder may attend the meeting and vote in person whether or not he has previously given a proxy. All shares represented by valid proxies pursuant to this solicitation (and not revoked before they are exercised) will be voted as specified in the form of proxy. If a proxy is signed but no specification is given, the shares will be voted “FOR” the Board’s nominees to the Board of Directors and “FOR” the ratification of the designation of Deloitte & Touche LLP to audit Bel’s books and accounts for 2007.

Proxy Solicitation

The entire cost of soliciting these proxies will be borne by Bel. In following up the original solicitation of the proxies by mail, Bel may make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of stock held of record by such persons and may reimburse them for their expenses in so doing. If necessary, Bel may also use its officers and their assistants to solicit proxies from the shareholders, either personally or by telephone or special letter.

Vote Required; Shares Entitled To Vote; Principal Shareholders

The presence in person or by proxy of holders of a majority of the outstanding shares of the Company’s Class A Common Stock will constitute a quorum for the transaction of business at the Company’s Annual Meeting. Assuming that a quorum is present, the election of directors will require the affirmative vote of a plurality of the shares of Class A Common Stock represented and entitled to vote at the Annual Meeting and the ratification of the designation of Deloitte & Touche LLP to audit Bel’s books and accounts for 2007 will require the affirmative vote of a majority of the votes cast with respect to such proposal. For purposes of determining the votes cast with respect to any matter presented for consideration at the Annual Meeting, only those cast “for” or “against” will be included. Abstentions and broker non-votes will be counted only for the purpose of determining whether a quorum is present at the Annual Meeting. Holders of Class A Common Stock are not entitled to cumulative voting in the election of directors.

Holders of record of the Class A Common Stock at the close of business on April 9, 2007 (the record date fixed by the Board of Directors) will be entitled to receive notice of, and to vote at, the Annual Meeting. At the close of business on the record date, there were 2,702,730 shares of Class A Common Stock outstanding and entitled to vote at the meeting. Each such share is entitled to one vote on all matters to come before the meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company’s directors, executive officers and greater than ten percent beneficial owners to file with the Securities and Exchange Commission certain reports regarding such persons’ ownership of the Company’s securities. Directors, officers and greater than ten percent beneficial owners are required by applicable regulations to furnish Bel with copies of all Section 16(a) forms they file. Based solely upon a review of the copies of the forms or information furnished to Bel, the Company believes that during 2006 all filing requirements applicable to its directors, officers and greater than ten percent beneficial owners were satisfied on a timely basis, except that John Johnson (a director) filed a late Form 4 with respect to the sale of 3,000 shares of Class B Common Stock. The failure to file was inadvertent and the filing was made promptly after the failure to file was noted.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General

During 2006, the SEC substantially revised the disclosures that we are required to make with respect to executive compensation. As part of the SEC’s revised executive compensation disclosure package, the SEC requires that issuers provide a “Compensation Discussion and Analysis” in which issuers explain the material elements of their compensation of executive officers by describing the following:

- the objectives of the issuer’s compensation programs;
- the conduct that the compensation programs are designed to reward;
- the elements of the compensation program;
- the rationale for each of the elements of the compensation program;
- how the issuer determines the amount (and, where applicable, the formula) for each element of the compensation program; and
- how each element and the issuer’s decisions regarding that element fit into the issuer’s overall compensation objectives and affect decisions regarding other elements of the compensation program.

Overview

We are engaged in a very competitive industry worldwide, with relatively low barriers to competitive entry in the electronic products market. Just as stock prices in our industry tend to be volatile, our customers' demand for our products varies significantly from year to year. We have only limited visibility as to future customer requirements. For this reason, we have found it necessary to keep our overhead relatively low so that we can operate effectively even when demand for our products weakens. In the area of compensation, we seek to control salaries as best we can and focus our incentives on other elements that can vary from year to year with our performance. Our goal is to compensate our Named Officers at levels that will enable us to retain their services and to provide incentives associated with an increased level of performance while at the same time retaining control over our overhead.

Our performance-based elements of compensation are salary, bonuses and long-term stock incentive compensation. Other non-performance elements of compensation consist of retirement benefits, certain other plan benefits and certain perquisites. We compete in our industry on the basis of product performance, quality, reliability, depth of product line, customer service, technological innovation, design, delivery time and price. Our compensation structure is intended to reward and incentivize the types of performance which improve our ability to excel in these areas, as well as performance which enhances our overall financial stability and global presence.

Compensation Elements

Salary

We pay salaries to our Named Officers in order to fairly compensate them for their day-to-day responsibilities in managing our business. In terms of overall compensation, our Chief Executive Officer receives salary recommendations from our U.S. management team and our Far East management team. Our Chief Executive Officer then formulates his own recommendations which he presents to our Compensation Committee. Our Chief Executive Officer does not participate in the deliberations regarding his own salary, but does participate in discussions regarding salary levels for our other Named Officers. Salary levels are typically determined in December for the following year. Adjustments for the following year are related to performance during the year being reviewed, overall company performance and cost-of-living considerations.

We do not rely upon consultants to set our salaries, to establish salary ranges or to provide advice regarding other compensation matters. We compare our salaries and other elements of compensation against the salaries and other compensation measures of other public companies in our industry by reviewing the proxy statements of such other companies. However, we do not prepare formal benchmarking studies.

Bonus

We do not have a bonus plan for any of our associates. Instead, at the same time that we establish salaries for the next succeeding year, we determine whether our corporate performance during the past year justified the payment of cash bonuses to our key associates. If our corporate performance justifies the payment of bonuses, then the Compensation Committee receives recommendations from the Chief Executive Officer with respect to the payment of specific bonuses to specific individuals, based upon the individuals' respective contributions to our corporate performance.

In 2006, we sold our investment in Artesyn Technologies, Inc. and recognized a gain of approximately \$5.2 million, net of investment banker's advisory fees of \$850,000. With this profit, Bel's Board of Directors decided to accrue \$1.0 million from operating income for the payment of bonuses to our associates, including \$296,156 to our Named Officers, in January 2007.

Long-Term Stock Incentive Compensation

Our 2002 Equity Compensation Program, as approved by our shareholders, permits us to issue four types of non-cash awards based on our common stock: restricted stock grants, incentive stock options, non-qualified stock options and stock appreciation rights. For years, we relied upon incentive stock options as our primary form of long-term stock incentive compensation. However, as the manner in which stock options are treated for accounting purposes was substantially modified as of January 1, 2006, we presently anticipate that to the extent that we grant long-term stock incentive compensation to our associates, that compensation will likely be in the form of restricted stock grants.

We did not grant any stock options or make any restricted stock awards to any of our associates during 2006. We granted restricted shares in 2005 to several of our associates, including each of our Named Officers. Those restricted shares do not vest until the second anniversary of the grant date, and then vest in 25% annual installments on the second, third, fourth and fifth anniversaries of the grant date. While our 2002 Equity Compensation Program does not preclude the grant of restricted shares on an annual basis, the Compensation Committee concluded that given the structure and amount of the restricted stock awards made in 2005, there was no need to grant additional restricted stock awards during 2006.

Our experience has been to consider stock option grants and restricted stock awards at the director meetings held at the time of our annual meeting of shareholders, as opposed to granting options and stock awards throughout the year. By making our grant determinations at a single time each year, we avoid even an appearance of coordinating grants with release dates of material information not previously disclosed to the public.

Our 2002 Equity Compensation Program is designed to help attract and retain superior individuals for positions of substantial responsibility within our company and to provide these persons with an additional incentive to contribute to the success of our company, all of which we expect will result in increased shareholder value. Restricted stock grants are awards of actual shares of our common stock, without any initial cost to the associate, but subject to a vesting restriction. The shares cannot be sold or transferred until the restriction ends and the shares become “vested.” Shares not vested are forfeited back to us if it becomes impossible to meet the condition for ending the restriction. Restricted stock grants offer the opportunity to obtain shares of our common stock without payment to us, provided the condition to ending the restriction is met. We award restricted stock grants because we believe that they aid in retaining our key executives, who are positioned to benefit from an increase in share value.

Retirement Benefits

We have designed our Supplemental Executive Retirement Plan, or “SERP”, to provide a limited number of our key management and highly compensated associates with supplemental retirement and death benefits. Each of our Named Officers is a participant in the SERP. Participants of the SERP are selected by our Compensation Committee based upon recommendations from our Chief Executive Officer. We believe that this benefit incentivizes key associates to remain with us on a career-long basis and engenders loyalty to our company. At its April 17, 2007 meeting, our board of directors approved amendments to the SERP to, among other things, conform its terms to applicable requirements of Section 409A (discussed below) and to modify the provisions regarding benefits payable in connection with a change in control of our company. The description of the SERP that follows reflects these amendments.

Benefits available under the SERP vary depending upon when and how a participant terminates employment with us. If a participant retires on his normal retirement date (65 years old, 20 years of service, and five years of participation in the SERP), his or her normal retirement benefit under the SERP would be annual payments equal to 40% of his or her average base compensation — using compensation from the highest five consecutive calendar years of SERP participation — payable in monthly installments for the remainder of his or her life. If a participant retires early (55 years old, 20 years of service, and 5 years of participation in the SERP), his or her early retirement benefit would be an amount (i) calculated as if his or her early retirement date were in fact such participant’s normal retirement date, (ii) multiplied by a fraction, the numerator being the actual years of service the participant has with us and the denominator being the years of service the participant would have had if he or she had retired at his or her normal retirement date, and (iii) actuarially reduced to reflect the early retirement date. If a participant dies prior to receiving 120 monthly payments under the SERP, his or her beneficiary is entitled to continue receiving benefits for the shorter of (i) the time necessary to complete 120 monthly payments or (ii) 60 months. If a participant dies while employed by us, his or her beneficiary will receive, as a survivor benefit, an annual amount equal to (i) 100% of the participant’s annual base salary at the date of death for one year, and (ii) 50% of the participant’s annual base salary at the date of death for each of the following four years, each payable in monthly installments. Our SERP also provides for disability benefits, and a forfeiture of benefits if a participant terminates employment for reasons other than those contemplated under the SERP.

In the event of a “change in control” (as defined in the SERP), each participant who is employed by us at the time of the change in control will be entitled to a normal retirement benefit commencing immediately following termination of employment (or in the case of certain participants who are “specified employees” for purposes of Section 409A of the Code (discussed below), six months after termination of employment). The normal retirement benefit payable under these circumstances will be the actuarial equivalent of the benefit that would commence upon

the date that the participant would have attained his or her normal retirement date if he or she had not terminated employment. Further, each participant's average base compensation will be deemed to be equal to his or her annual base compensation in effect prior to the change in control. If we have established a trust to accumulate assets from which to pay SERP benefits, then we will fully fund the trust in connection with a change in control in order to ensure that there will be sufficient assets set aside to pay all SERP benefits. A "change in control" for purposes of the SERP includes a merger or consolidation with another corporation whereby our shareholders do not own a majority of the surviving or successor entity, an acquisition of 50% or more of our voting securities by one person or a group of persons acting together, a sale of all or substantially all of our assets to any person, our dissolution or liquidation or if the members of our incumbent Board of Directors (or their successors, if approved by them) cease for any reason to constitute at least two-thirds of the members of our Board.

As of December 31, 2006, none of our Named Officers were eligible for normal retirement under the SERP. As of December 31, 2006, Mr. Meccariello was eligible for early retirement under the SERP. Had Mr. Meccariello retired on December 31, 2006, he would have been eligible for a monthly benefit under the SERP in the amount of \$3,639 payable for life. Had each of our Named Officers terminated employment on December 31, 2006 in connection with a change in control, they would have been entitled under the SERP to a monthly benefit for life as follows: Mr. Bernstein, \$5,963; Mr. Dunn, \$5,755; Mr. Meccariello, \$5,117; and Mr. Ackerman, \$4,071. The present value of those change in control benefits, using the actuarial assumptions used for our financial reporting purposes, would be as follows: Mr. Bernstein, \$976,657; Mr. Dunn, \$826,746; Mr. Meccariello, \$794,657; and Mr. Ackerman, \$728,899.

Other Non-Performance Benefit Plans

Our Named Officers are eligible to participate, as are all our associates who meet service requirements under the several plans, in the following types of non-performance benefit plans:

- Those of our associates, including our Named Officers, who satisfy certain waiting periods are entitled to participate in either our domestic 401(k) plan or our Far East Retirement Plan. Pursuant to our domestic 401(k) plan, we make matching contributions of pre-tax elective deferral contributions made by associates. We match individual plan contributions in our domestic 401(k) as follows (limited to the maximum amount of salary that can be taken into account under a tax-qualified plan, which was \$220,000 in 2006): we match 100% for the first \$200 of an associate's contribution, 50% for the next \$200 and 25% for the next \$200 of an associate's contribution. In addition, we have been adding 3% of an associate's base salary as an annual profit sharing contribution. This 3% is reviewed on an annual basis by the Board of Directors. Our matching contributions under the domestic 401(k) plan are currently made in shares of our Class B Common Stock. The Far East Retirement Plan is a defined contribution mandatory provident fund arrangement established pursuant to Hong Kong law. Subject to certain minimum and maximum levels under Hong Kong law, five percent of a participant's salary must be contributed to the Far East Retirement Plan. We match amounts contributed to the Far East Retirement Plan. Our current match equals 7% of an associate's base salary. Under the Far East Retirement Plan, our matching amounts are currently made partly in shares of our Class B Common Stock – approximately 10% of our contribution – and partly in cash – approximately 90% of our contribution. Mr. Meccariello is the only Named Officer who participates in the Far East retirement Plan.
- We maintain medical and dental health insurance plans for our associates on a non-discriminatory basis. Associates contribute 20% of the cost of our medical and dental insurance plans. We also provide life insurance for all associates.

We believe that the insurance plans we offer are important components of our comprehensive benefit package, which should induce associates to remain with us. We believe that our domestic 401(k) plan and our Far East Retirement Plan induce our associates to save for future retirement needs, and we encourage this by matching individual plan contributions, as described above, by participating associates.

Perquisites

In 2006, we provided our Chief Executive Officer with a rental apartment for two months in San Diego, California. Mr. Bernstein's presence in San Diego enables him to be more proximate to our largest customers, major design centers and our marketing and sales groups. We also provide him with an automobile in New Jersey that we

maintain for his use throughout the year. Other than these benefits, the perquisites to our Named Officers are nominal.

Severance

During 2007, our Board adopted a written severance pay plan that applies to all of our full-time, non-union associates. The written plan formalizes an approach that we have been taking on an informal basis for the past seven years. The purposes of the plan are to reward the loyalty of our associates in the context of a Sale of the Business, a phrase that is defined in the severance pay plan, and to assure that we are capable of retaining our associates in the event that we pursue a Sale of the Business. Under the plan, a “Sale of the Business” is defined to mean the occurrence of any of the following events:

- the acquisition of beneficial ownership of more than 50% of our voting stock or of all or substantially all of our assets; or
- the consummation of a merger, consolidation or other combination of our company with or into another entity, subject to certain exceptions; or
- if the members of our incumbent Board of Directors (or their successors, if approved by them) cease for any reason to constitute at least two-thirds of the members of our Board.

Provided that certain disqualifying events do not occur, severance payments will be made under the plan if a participant is terminated involuntarily within 24 months after a Sale of the Business (provided that the participant does not accept employment with the acquirer in connection with such Sale of the Business), the participant resigns for reasons permitted under the plan within 24 months after a Sale of the Business or if the participant is not offered “comparable employment” (as defined) with the acquirer.

The severance pay plan contains a schedule by which payment levels are determined based on years of service with us. The schedule provides for three weeks of compensation for the first two years worked with us, two weeks of compensation for the next thirteen years of service, and three weeks of compensation for each additional year of service, with an upper limit of 52 weeks of compensation. If the plan were to be triggered as of April 30, 2007, our Named Officers would be entitled to receive the following severance payments:

Daniel Bernstein: \$ 225,000
Colin Dunn: \$116,923
Joseph Meccariello: \$180,000
Dennis Ackerman: \$158,173

Compliance with Sections 162(m) and 409A of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code denies a deduction to any publicly held corporation for compensation paid to certain “covered employees” in a taxable year to the extent that compensation exceeds \$1,000,000 for a covered employee. Certain performance-based compensation that has been approved by our shareholders is not subject to this limitation. As a result, stock options granted under our 2002 Equity Compensation Program and our prior stock option plans are not subject to the limitations of Section 162(m). However, restricted stock awards granted under our 2002 Equity Compensation Program generally will not be treated as performance-based compensation. Restricted stock award grants made to date under the 2002 Equity Compensation Program have not been at levels that, together with other compensation, approached the \$1,000,000 limit. Also, since we retain discretion over any bonuses we may grant, those bonuses also will not qualify for the exemption for performance-based compensation. The Compensation Committee intends to provide executive compensation in a manner that will be fully deductible for federal income tax purposes, so long as that objective is consistent with overall business and compensation objectives. However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of our shareholders, after taking into consideration changing business conditions or the executive officer’s performance.

It is also our intention to maintain our executive compensation arrangements in conformity with the requirements of Section 409A of the Internal Revenue Code, which imposes certain restrictions on deferred compensation arrangements. We have been engaged in a process of reviewing our compensation arrangements since

the enactment of Section 409A in 2004 in order to remain compliant with provisional guidance issued by the Internal Revenue Service under Section 409A. As indicated above, we have amended our SERP to comply with Section 409A and we intend to continue to monitor IRS guidance to determine if further modifications to our plans and arrangements are needed to conform with final 409A regulations recently issued by the Internal Revenue Service.

Summary of Cash and Certain Other Compensation

The following table sets forth, for the year ended December 31, 2006, a summary of the compensation earned by our four executive officers. In this proxy statement, we refer to these executive officers as the “Named Officers”.

SUMMARY COMPENSATION TABLE

Name and Principal Position	Salary (\$)	Bonus (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings(\$)	All Other Compensation (\$)	Total (\$)
Daniel Bernstein, President and Chief Executive Officer	225,000	86,538	7,172	22,800	341,510

We accrued the bonuses set forth in the table above in our consolidated income statement for the year ended December 31, 2006, but did not pay such bonuses until 2007. In prior years’ proxy statements, we associated bonuses with the years in which they were paid.

In the table above, when we refer to changes in pension values, we are referring to the aggregate change in the present value of the Named Officer’s accumulated benefit under our Supplemental Executive Retirement Plan from the measurement date used for preparing our 2005 year-end financial statements to the measurement date used for preparing our 2006 year-end financial statements.

In the table above, “all other compensation” consists of the following:

- for Mr. Bernstein: (i) a contribution to his 401(k) account of \$6,350 that we made in shares of our Class B Common Stock, matching Mr. Bernstein’s 2006 pre-tax elective deferral contributions (included under “Salary”), (ii) \$1,600 in dividends that we paid with respect to restricted shares that we previously granted to him under our 2002 Equity Compensation Program, (iii) \$7,400, the cost to us of providing Mr. Bernstein with an automobile in New Jersey and maintaining that automobile, (iv) \$7,000, the cost to us of providing Mr. Bernstein with living quarters for a two month period while he worked from our facility in San Diego, California and (v) \$450 for airline lounge fees.
- for Mr. Dunn: (i) a contribution to his 401(k) account of \$6,050 that we made in shares of our Class B Common Stock, matching his 2006 pre-tax elective deferral contributions (included under “Salary”), (ii) \$1,200 in dividends that we paid with respect to restricted shares that we previously granted to him under our 2002 Equity Compensation Program and (iii) \$450 for airline lounge fees.

- for Mr. Ackerman: (i) a contribution to his 401(k) account of \$5,600 that we made in shares of our Class B Common Stock, matching Mr. Ackerman's 2006 pre-tax elective deferral contributions (included under "Salary"), (ii) \$1,200 in dividends that we paid with respect to restricted shares that we previously granted to him under our 2002 Equity Compensation Program and (iii) \$230 for airline lounge fees.

Stock Options

We are authorized to grant stock options and stock awards under our 2002 Equity Compensation Program. Options granted under this program generally have terms of five years and terminate at or within a specified period of time after the optionee's employment with us ends. Options are exercisable in installments determined at the date of grant. No such options were granted to the Named Officers in 2006. We are also permitted to grant restricted stock awards under our 2002 Equity Compensation Program. Participants have the right to vote (if applicable) and receive dividends on their restricted shares. Restrictions lapse in 25% increments commencing two years after the grant date. No restricted shares were awarded to the Named Officers in 2006.

None of the Named Officers exercised any stock options during 2006 and none of the Named Officers owned any of our stock options as of December 31, 2006. No restricted stock awards previously granted to any of the Named Officers vested during 2006.

The following table sets forth, for each of the Named Officers, information regarding stock awards outstanding at December 31, 2006 for each of the Named Officers. Each of the stock awards referred to in the table below were granted pursuant to our 2002 Equity Compensation Program. The vesting dates applicable to each stock award are set forth in footnotes that follow the columnar explanations below the table.

Name (a)	Number of Shares or Units of Stock That Have Not Vested (#) (b)	Market Value of Shares or Units of Stock That Have Not Vested (\$) (c)

Colin Dunn	6,000	208,740
Joseph Meccariello	6,000	208,740
Dennis Ackerman	6,000	208,740

In the table above, we are disclosing:

- in column (b), the number of shares of our common stock covered by stock awards granted under our 2002 Equity Compensation Program that were not vested or earned as of December 31, 2006; and

In calculating market values in the table above, we have multiplied the closing market price of our Class A Common Stock or Class B Common Stock on the last trading day in 2006 (whichever is applicable) – \$30.17 and \$34.79, respectively – by the applicable number of shares of common stock underlying the Named Officers’ stock awards.

Retirement Plan Benefits

The following table sets forth, for each of the Named Officers, information regarding the benefits payable under each of our plans that provides for payments or other benefits at, following, or in connection with such Named Officer’s retirement. The following table does not provide information regarding tax-qualified defined contribution plans or nonqualified defined contribution plans.

In the table above:

- we have determined the years of credited service based on the same measurement date that we used in preparing our audited financial statements for the year ended December 31, 2006; we refer to that date as the “Plan Measurement Date”;

- when we use the phrase “present value of accumulated benefit”, we are referring to the actuarial present value of the Named Officer’s accumulated benefits under our Supplemental Executive Retirement Plan, calculated as of the Plan Measurement Date; and
- column (e) refers to the dollar amount of payments and benefits actually paid or otherwise provided to the Named Officer during 2006 under the SERP. For a description of the SERP, see “Compensation Discussion and Analysis – Compensation Elements – Retirement Benefits”.

The Board of Directors; Committees of the Board

Since the adoption of the Sarbanes-Oxley Act in July 2002, there has been a growing public and regulatory focus on the independence of directors. Nasdaq has adopted amendments to its definition of independence. Additional requirements relating to independence are imposed by the Sarbanes-Oxley Act with respect to members

of the Audit Committee. As noted below, the Board has determined that the members of the Audit Committee satisfy all such definitions of independence. The Board has also determined that the following members of the Board satisfy the Nasdaq definition of independence: Howard Bernstein, Peter Gilbert, John S. Johnson, John F. Tweedy, Robert Simandl and Avi Eden. The Board concluded that while Mr. Simandl is compensated for certain legal services that he provides to the Company and Mr. Eden is compensated for certain business development consulting services that he provides to the Company, the fees paid to these individuals (\$55,000 to Mr. Eden and \$27,000 to Mr. Simandl) were not of a magnitude that such fees would impair Mr. Simandl's or Mr. Eden's independence. In considering the independence of Mr. Simandl and Mr. Eden, the Board also took note of the willingness of these individuals to express their views without concern for economic repercussions. The Board indicated that it did not believe that the \$750 incurred by Bel to enable John Tweedy to attend an SEC conference impaired his independence.

The Company's Board of Directors holds a regular meeting immediately before the Annual Meeting of Shareholders and meets regularly throughout the year. During 2006, the Board held seven meetings.

Bel's Board has an Executive Committee, a Compensation Committee, an Audit Committee and a Nominating Committee. The Executive Committee is composed of Daniel Bernstein, Robert H. Simandl and John F. Tweedy; the Compensation Committee is composed of Peter Gilbert and Robert H. Simandl; the Audit Committee is composed of Peter Gilbert, John S. Johnson and John F. Tweedy; and the Nominating Committee is composed of Howard Bernstein, Robert H. Simandl and John F. Tweedy.

The function of the Executive Committee is to act in the place of the Board when the Board cannot be convened.

The Compensation Committee is charged with the responsibility of administering the Company's employee benefit plans, reviews the compensation of Bel's executive officers and establishes general compensation policies.

The Audit Committee reviews significant audit and accounting principles, policies and practices, and meets with the Company's independent auditors. The Board of Directors has determined that John S. Johnson constitutes an "audit committee financial expert", as such term is defined by the SEC. As noted above, Mr. Johnson — as well as the other members of the Audit Committee — has been determined to be "independent" within the meaning of SEC and Nasdaq regulations.

The Nominating Committee is responsible for nominating candidates for election to the Company's Board of Directors.

During 2006, the Executive Committee held no meetings, the Audit Committee held five meetings, the Compensation Committee held two meetings and the Nominating Committee held one meeting.

For a description of services provided to the Company by Robert H. Simandl and Avi Eden during 2006, see "Compensation Committee Interlocks and Insider Participation."

Nominating Committee Matters

Nominating Committee Charter. The Board has adopted a Nominating Committee charter to govern its Nominating Committee. A copy of the charter is set forth as *Appendix A* to this proxy statement; the charter is not presently included on the Company's Web site.

Independence of Nominating Committee Members. All members of the Nominating Committee of the Board of Directors have been determined to be "independent directors" pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers' Marketplace rules.

Procedures for Considering Nominations Made by Shareholders. The Nominating Committee's charter describes procedures for nominations to be submitted by shareholders and other third-parties, other than candidates who have previously served on the Board or who are recommended by the Board. The charter states that a nomination must be delivered to the Secretary of the Company at the principal executive offices of the Company not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice to be timely must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of

business on the later of the 90th day prior to such annual meeting or the close of business on the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. The public announcement of an adjournment or postponement of an annual meeting will not commence a new time period (or extend any time period) for the giving of a notice as described above. The charter requires a nomination notice to set forth as to each person whom the proponent proposes to nominate for election as a director: (a) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected), and (b) information that will enable the Nominating Committee to determine whether the candidate or candidates satisfy the criteria established pursuant to the charter for director candidates.

Qualifications. The charter describes the minimum qualifications for nominees and the qualities or skills that are necessary for directors to possess. Each nominee:

- must satisfy any legal requirements applicable to members of the Board;
- must have business or professional experience that will enable such nominee to provide useful input to the Board in its deliberations;
- must have a reputation for honesty and ethical conduct;
- must have a working knowledge of the types of responsibilities expected of members of the board of directors of a public company; and
- must have experience, either as a member of the board of directors of another public or private company or in another capacity, that demonstrates the nominee's capacity to serve in a fiduciary position.

Identification and Evaluation of Candidates for the Board. Candidates to serve on the Board will be identified from all available sources, including recommendations made by shareholders. The Nominating Committee's charter provides that there will be no differences in the manner in which the Nominating Committee evaluates nominees recommended by shareholders and nominees recommended by the Committee or management, except that no specific process shall be mandated with respect to the nomination of any individuals who have previously served on the Board. The evaluation process for individuals other than existing Board members will include:

- a review of the information provided to the Nominating Committee by the proponent;
- a review of reference letters from at least two sources determined to be reputable by the Nominating Committee; and
- a personal interview of the candidate, together with a review of such other information as the Nominating Committee shall determine to be relevant.

Third Party Recommendations. In connection with the 2007 Annual Meeting, the Nominating Committee did not receive any nominations from any shareholder or group of shareholders which owned more than 5% of the Company's Class A Common Stock or Class B Common Stock for at least one year.

Audit Committee Matters

Audit Committee Charter. The Audit Committee performed its duties during 2006 under a written charter approved by the Board of Directors. A copy of the charter is set forth as *Appendix B* to this proxy statement; the charter is not presently included on the Company's Web site.

Independence of Audit Committee Members. The Class A and Class B Common Stock are listed on the NASDAQ Global Select Market and the Company is governed by the listing standards applicable thereto. All members of the Audit Committee of the Board of Directors have been determined to be "independent directors" pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers' Marketplace Rules and under the SEC's Rule 10A-3.

Audit Committee Report. In connection with the preparation and filing of the Company's Annual Report on Form 10-K for the year ended December 31, 2006:

- (1) the Audit Committee reviewed and discussed the audited financial statements with the Company's management;
- (2) the Audit Committee discussed with the Company's independent auditors the matters required to be discussed by SAS 61;
- (3) the Audit Committee received and reviewed the written disclosures and the letter from the Company's independent auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the Company's independent auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence; and

Compensation Committee Report

The Compensation Committee has reviewed and discussed the information provided under the caption "Compensation Discussion and Analysis" set forth above. Based on that review and those discussions, the Compensation Committee recommended to our Board that such "Compensation Discussion and Analysis" be included in this proxy statement.

Peter Gilbert
Robert H. Simandl

Compensation Committee Interlocks and Insider Participation

Peter Gilbert and Robert H. Simandl served as members of the Compensation Committee of the Company's Board of Directors during 2006.

Mr. Simandl served as the Company's Secretary through May 2003. Mr. Simandl and his predecessor firms have served as general counsel to the Company for more than the past five years. Fees received by Mr. Simandl's firm from the Company during 2006 were not material. The Company will retain Mr. Simandl in 2007.

Director Avi Eden has served as a special consultant to the Company on matters related to potential acquisitions during 2006. Fees received by Mr. Eden from the Company in 2006 were not material. The Company expects Mr. Eden to continue in this role in 2007.

The Audit Committee of the Board of Directors monitors the Company's related party transactions and must approve in advance any new related party transactions. On a quarterly basis, the Audit Committee makes inquiry of management's disclosure committee to determine whether any of the members of that committee are aware of any related party transactions. Management's disclosure committee did not report any related party transactions to the Audit Committee during 2006.

Other Compensation Committee Matters

Charter. Our Board of Directors has defined the duties of its Compensation Committee in a charter. A copy of the Compensation Committee's charter is attached to this proxy statement as *Appendix C*; the charter is not presently included on the Company's Web site.

Authority, Processes and Procedures. Our Compensation Committee is responsible for administering our employee benefit plans, for establishing the compensation of our Chief Executive Officer and for determining the compensation of our other executive officers. Our Compensation Committee also establishes policies and monitors compensation for our associates in general. While the Compensation Committee may, and does in fact, delegate authority with respect to the compensation of associates in general, the Compensation Committee retains overall

supervisory responsibility for associate compensation. With respect to executive compensation, the Compensation Committee receives recommendations and information from our Chief Executive Officer regarding issues relevant to determinations made by the Compensation Committee. Our Chief Executive Officer participates in Compensation Committee deliberations regarding the compensation of other executive officers, but does not participate in deliberations regarding his own compensation.

Consultants. We typically do not involve consultants in establishing the compensation of our associates or directors, other than attorneys who assist us in the drafting of benefit plans and comparable arrangements.

Shareholder Communication With the Board

The Board of Directors has established a procedure that enables shareholders to communicate in writing with members of the Board. Any such communication should be addressed to the Company's Chief Executive Officer and should be sent to such individual c/o Bel Fuse Inc., 206 Van Vorst Street, Jersey City, New Jersey 07302. Any such communication must state, in a conspicuous manner, that it is intended for distribution to the entire Board of Directors. Under the procedures established by the Board, upon the Chief Executive Officer's receipt of such a communication, the Company's Secretary will send a copy of such communication to each member of the Board, identifying it as a communication received from a shareholder. Absent unusual circumstances, at the next regularly scheduled meeting of the Board held more than two days after such communication has been distributed, the Board will consider the substance of any such communication.

Board members are encouraged, but not required by any specific Board policy, to attend the Company's annual meeting of shareholders. All of the members of the Board attended the Company's 2006 annual meeting of shareholders.

PROPOSAL TWO: RATIFICATION OF THE DESIGNATION OF DELOITTE & TOUCHE LLP TO AUDIT BEL'S BOOKS AND ACCOUNTS FOR 2007

The Audit Committee has selected Deloitte & Touche LLP to audit Bel's books and accounts for the year ending December 31, 2007 and will offer a resolution at the meeting for shareholders to ratify the designation. Although shareholder ratification is not required, the designation of Deloitte & Touche LLP is being submitted for ratification at the 2007 Annual Meeting of Shareholders because it is perceived to be a matter of good corporate governance practice to submit this issue for ratification by shareholders. Ultimately, the Audit Committee retains full discretion and will make all determinations with respect to the appointment of Bel's independent registered public accounting firm.

The Board of Directors recommends a vote FOR Proposal Two.

OTHER MATTERS

Relationship With Independent Public Accountants

Deloitte & Touche LLP, independent certified public accountants, has been selected by the Board of Directors to audit and report on Bel's financial statements for the year ending December 31, 2007.

Deloitte & Touche LLP began auditing Bel in 1983. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he so desires. The representative is expected to be available to respond to appropriate questions from shareholders.

Audit Fees and Related Matters

In accordance with the requirements of the Sarbanes-Oxley Act of 2002 and the Audit Committee's charter, all audit and audit-related work and all non-audit work performed by the Company's independent accountants, Deloitte & Touche LLP, is approved in advance by the Audit Committee, including the proposed fees for such work. The Audit Committee is informed of each service actually rendered.

Audit Fees. Audit fees billed or expected to be billed to the Company by Deloitte & Touche LLP for the audit of the financial statements included in the Company's Annual Reports on Form 10-K, and reviews of the financial

statements included in the Company's Quarterly Reports on Form 10-Q, for the years ended December 31, 2006 and 2005 totaled \$1,180,650 and \$1,034,171, respectively.

Audit-Related Fees. The Company was not billed by Deloitte & Touche LLP for assurance and related services for the years ended December 31, 2006 and 2005. Such services are defined as services which are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the caption "Audit Fees" above.

Tax Fees. The Company was billed \$229,582 and \$337,895 by Deloitte & Touche LLP for the years ended December 31, 2006 and 2005, respectively, for tax services, principally representing advice regarding the preparation of income tax returns.

All Other Fees. For the years ended December 31, 2006 and 2005, the Company was not billed by Deloitte & Touche LLP for services not covered in the three immediately preceding paragraphs.

Other Matters. The Audit Committee of the Board of Directors has considered whether the provision of Audit-Related Fees, Tax Fees and All Other Fees are compatible with maintaining the independence of the Company's principal accountant.

Applicable law and regulations provide an exemption that permits certain services to be provided by the Company's outside auditors even if they are not pre-approved. The Company has not relied on this exemption at any time since the Sarbanes-Oxley Act was enacted.

Miscellaneous

At the time that this Proxy Statement was mailed to shareholders, management was not aware that any matter other than the election of directors and the ratification of the designation of Deloitte & Touche LLP to audit Bel's books and accounts for 2007 would be presented for action at the Annual Meeting. If other matters properly come before the Meeting, it is intended that the shares represented by proxies will be voted with respect to those matters in accordance with the best judgment of the persons voting them.

By Order of the Board of Directors

Colin Dunn, Secretary

Dated: April 23, 2007

A copy of the Company's annual report on Form 10-K for the year ended December 31, 2006, filed with the Securities and Exchange Commission, is available (excluding exhibits) without cost to shareholders upon written request made to Jerry Kimmel, Bel Fuse Inc., 206 Van Vorst Street, Jersey City, New Jersey 07302.

This is the responsibility of management and the independent auditor.
