24 W Medical Ac-Dc Supply Ideal for Home Healthcare Applications

June 2, 2021

Tualatin, OR. [June 2nd, 2021] CUI Inc, a Bel group company, today announced the addition of a new series of [medical desktop](#) ac-dc power supplies to its [external ac-dc power supply line](#). The [SDM24-UD Series](#) is available in four models and in black or white color options. The series features up to 27 W of continuous power and no-load power consumption of less than 0.1 W, with a two-prong (C8) inlet. The series is certified to the medical 60601-1 safety standard, meeting the requirements for a 2 x MOPP (Means of Patient Protection) classification.

These external supplies provide a compact solution for a variety of medical and dental applications, including blood pressure monitors, portable ultrasound units, sleep monitors and CPAP machines. These adapters are also suitable for use in home-healthcare applications such as at-home heartbeat monitors and examination kits.

Summary

Product series: [SDM24-UD](#)

Applications: Medical, Dental

Distribution availability: [Digi-Key](#), [Mouser](#), [Arrow](#), [Future Electronics](#)

Datasheets: [SDM24-UD](#)
