### About Bel

Bel ([www.belfuse.com](http://www.belfuse.com)) designs, manufactures, and markets critical electronic components, systems and solutions for customers in aerospace, defense, industrial, and data-driven markets. Understanding that our customers face increasingly complex technical challenges, Bel delivers a comprehensive portfolio of solutions including power systems, high-reliability connectors and cable assemblies, circuit protection, and networking products that enable Original Equipment Manufacturers (OEMs) to bring their innovations to market. Bel partners closely with customers to deliver both customized and standard solutions tailored to their specific applications and performance requirements. With manufacturing facilities and technical support teams worldwide, Bel serves as a strategic partner to customers who require proven reliability in demanding end markets.
