

## Cisco Awards Bel Fuse "Excellence in Service and Responsiveness"

**JERSEY CITY, New Jersey**, September 20, 2011 -- **Bel Fuse Inc. (NASDAQ:BELFA and NASDAQ:BELFB)** announced today that it has received the 2011 supplier award for Excellence in Service and Responsiveness from Cisco.

This prestigious award recognizes Bel's Power Group for exemplary performance in teamwork, communication and responsiveness to Cisco's business directives. This distinction was awarded during Cisco's 20<sup>th</sup> Annual Supplier Appreciation Event held on September 15, 2011 at the Santa Clara Convention Center.

Cisco presented awards to suppliers in recognition of their contributions to Cisco's success in fiscal year 2011. At the event Cisco celebrated the shared successes of its global value chain with strategic suppliers and manufacturing partners and reaffirmed its commitment to a strong, continued partnership that will further accelerate innovation.

"Bel went the extra mile to proactively sustain global communication and provide best-in-class responsiveness while managing requirements of the customer in an ever-changing business environment," said Prentis Wilson, Vice President, Global Supplier Management, Cisco. "We congratulate them on this significant achievement."

"Bel was also nominated for Excellence in Technology Alignment as well as for the prestigious Supplier of the Year award. Bel was the only supplier to be nominated in three separate categories," said Dan Bernstein CEO and President of BEL. "We are honored by this recognition against hundreds of vendors, including many Fortune 500 companies. Our award for Excellence in Service and Responsiveness is a tribute to the hard work and dedication of all Bel associates throughout the world".

### About Bel

Bel ([www.belfuse.com](http://www.belfuse.com)) and its divisions are primarily engaged in the design, manufacture, and sale of products used in networking, telecommunications, high-speed data transmission, commercial aerospace, military, transportation, and consumer electronics. Products include magnetics (discrete components, power transformers and MagJack® connectors with integrated magnetics), modules (DC-DC converters, integrated analog front-end modules and custom designs), circuit protection (miniature, micro and surface mount fuses) and interconnect devices (micro, circular and filtered D-Sub connectors, passive jacks, plugs and high-speed cable assemblies). The Company operates facilities around the world.
