Daniel Bernstein, Bel's Chief Executive Officer commented, "With the public's health and safety paramount to what we do every day, and in compliance with guidelines and restrictions relating to group gatherings, we have decided it is best to move this year's annual shareholders' meeting to a virtual environment. Our gratitude and appreciation go out to our first responders and health care professionals on the front lines of COVID-19 who are taking care of us during this time, as well as to our shareholders for their continued support of Bel."

About Bel

Bel (www.belfuse.com) designs, manufactures and markets a broad array of products that power, protect and connect electronic circuits. These products are primarily used in the networking, telecommunications, computing, military, aerospace, medical, transportation and broadcasting industries. Bel's product groups include Magnetic Solutions (integrated connector modules, power transformers, power inductors and discrete components), Power Solutions and Protection (front-end, board-mount and industrial power products, module products and circuit protection), and Connectivity Solutions (expanded beam fiber optic, copper-based, RF and RJ connectors and cable assemblies). The Company operates facilities around the world.
